PIEL

SKINCARE & MAKEUP STUDIO

Professional facials are not just a once in awhile luxury splurge, monthly facials have many benefits to accomplishing radiant, healthy skin and reducing stress!

My goal is to make skincare easy and affordable by offering you a month-to-month skin care program. One that gives you the flexibility to continue for as many months as you wish without any complicated contracts.

Q&A

Q. Does the percentage off additional services only effective after the second month?

A. No. If you chose the Essential plan for the month of January, you will receive 20% off additional services during the month of January.

If you stay with the Essential plan, the 20% additional services continues on your consecutive month with the added "perk" of invitations to exclusive member-only events.

Q. What if I decide to upgrade or downgrade my current plan?

A. Current perks prevail prior perks.

Upgrade example: In January, Pam enjoyed an Essential plan. In February, Pam upgraded to Luxe. Pam receives Luxe Perks for the month of February.

or

Downgrade example: Pam had the Privé plan in March and decided to use the Luxe plan in April. Pam receives Luxe perks for the month of April.

Q. I'm on the privé plan. Do I have to use my complimentary makeup service during the month? Or can I use it later even if I change plans?

A. You may use your complimentary makeup service within 90 days of earning it.

Scenario: Pam is on the Privé plan in January-Pam has until the end of March to use her complimentary makeup service.

Scenario : Pam has been on the Privé plan for 2 months, earning 2 makeup services. She has 90 days from each month earned to use the makeup service.

Earned in Jan-Expires end of March

Earned in February-Expires in end of April
